Mardi Gras 2019: BIOSPHERE ISLAND

Please use this side of the form to indicate your first, second and third choice of **BIOSPHERE ISLAND TOPIC** to represent at the Mardi Gras.

You should refer to the accompanying PowerPoint presentation slides to understand the concept of each section. Remember that each named topic is only the starting point of your creative journey. We have lots of specialist partners to inspire and enthuse you.

We will endeavour, as always, to give every group one of their top three choices. To be more certain of this, we advise you to consider carefully and not always choose the most popular (better known) topics. Be challenged!
