Mardi Gras 2020: The Story of Carnival

Please use this side of the form to indicate your first, second and third choice of **Story of Carnival sections** to represent at the Mardi Gras.

You should refer to the accompanying PowerPoint presentation slides to understand the context of each section. *If you wish to discuss being part of the Island Heritage section, please contact us for a chat in the first instance. This section will close 9 December.*

We will endeavour, as always, to give every group one of their top three choices. We would urge you to think carefully about your theme and not just plump for one you recognise! Our artists are here to support you through the project in every way we can!
