

# Carnival Flags

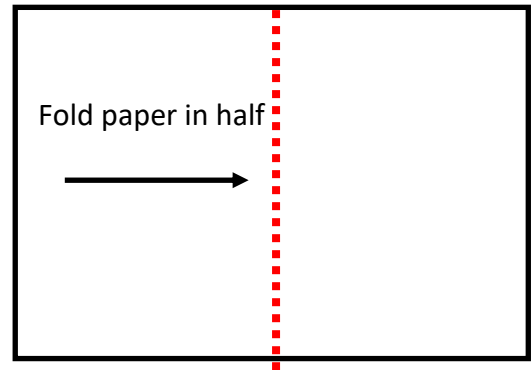

## How to make a simple template

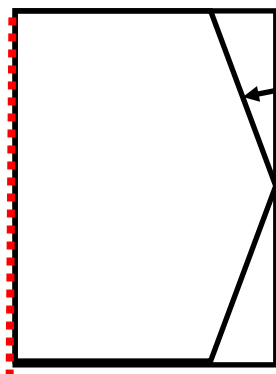

1)

2)

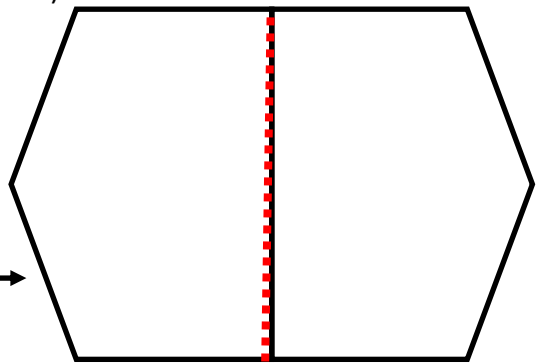

3)

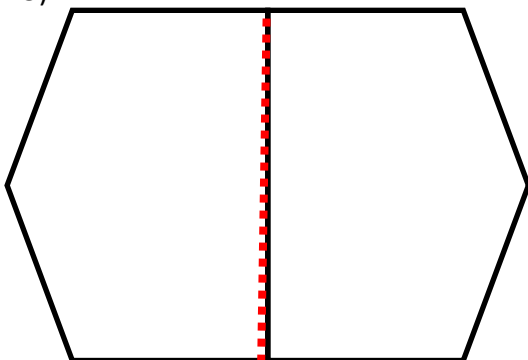

Draw design on  
free edge not the  
folded edge

Cut out shape and  
unfold

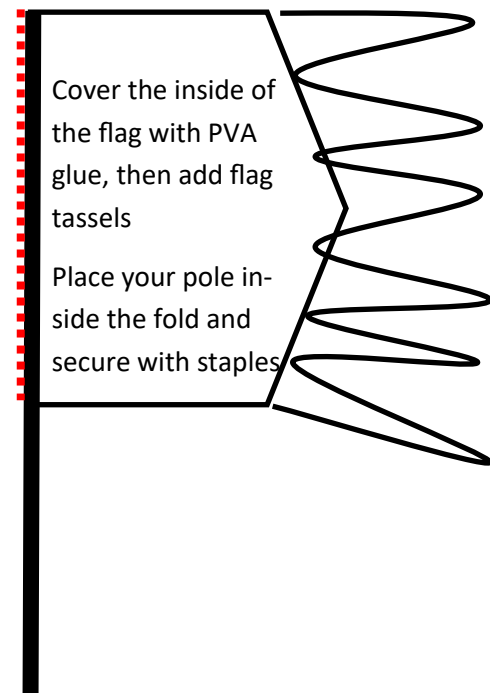

4)

5)

6)

Decorate the out side of your flag using paper, card, fabrics, pens, pencils or paint. (I used wrapping paper for one of my flags and it looked fantastic)!

If you want to cover your flag with fabric or paper before decorating, make sure you cover the surface with plenty of PVA glue spread evenly out to the edges. Let it dry for 5 mins before adding the fabric.
